

Life Story – Part 3 Pastor Rick Bezet
March 27, 2011

Review It

In this series we are discovering some keys to life. Through guest speakers, we are learning what our life story is and how we can use our story to bless others.

Talk About It

1. Fear is discussed in the Bible more than faith. Fear can cripple our dreams and affect the outcome of our lives. How has fear affected a decision you wanted to make? What was the outcome?
2. One way to help overcome fear in our lives is to speak the Word of God. What are some encouraging scriptures that you have used to help build your confidence in unsure times?
3. Usually what we are the most afraid of is what we are called to do. It may be public speaking, launching a business, or entering into a new relationship. Describe an experience where you were afraid, but you stepped out in faith anyway.
4. As Christians we often worry about not getting what we want. What are some things that you are praying for? How can you live each day in peace knowing that the Lord has your best interest in heart?

5. [Read Luke 12:31-32] This scripture challenges us to keep focused on the Lord and His plan for our lives. What are some practical ways that we, as Christians, can live this out daily? How can we encourage one another to do the same?

Think About It

This week make a list of the things that you are worried about. Beside each statement write out a scripture that reminds you of the Lord's unconditional love. Use these scriptures as a reminder that the Lord can conquer any fear.

Act on It

We all face the same challenges of fear, worry, and anxiety. This week encourage someone who may be in a similar situation. Write them an email, send them a card, or call them. Let them know that they are not alone and you are praying for them.
