## Leader Conversation Guide – EROI

### Main Idea

This week Pastor Chris kicked off our Legacy season with Part 1 of our new series that we're calling, "Generous." Legacy is not only what people remember when we're gone, but what God rewards when we stand before Him. When this time comes, we want to be able to say that we knew Jesus personally, and that we used the time, energy, and resources given to us to make an eternal difference. We are called by God to live in a way that serves others. Today, let's intentionally do so by living an Eternal Return on Investment kind of life!

### Make It Practical

- Intentionally give. Have a plan for intentional giving. When we do this, others will give thanks to God!
- Intentionally serve. Let's be rich in good works and give our time to those in need.
- Intentionally share Christ. All of heaven rejoices when one person is saved. You will never miss what you invest in eternity.

**“Good will come to him who is generous and lends freely... they will be remembered forever.”**

Psalm 112:5-6 NIV

### Talk About It

1. As a group, discuss the “Two Question Test” and your honest answers to each question. (1. What did you do with My Son Jesus? 2. What did you do with what I gave you?)
2. How have you seen intentional generosity change your life and make a difference to those around you?
3. Encourage each other with practical ways you can plan to give and plan to serve.
4. How do you intentionally incorporate sharing Christ into your conversations?

**“The ultimate purpose of my life is to make a difference.”**

### **Prayer**

Father, we know that we will stand before You one day, and we want to be ready. Stir radical, intentional generosity in our hearts, Lord, so that we can make an eternal difference here on earth. Thank You for loving us and choosing us, Jesus. It's in Your mighty name we pray, Amen!

### **Leader Tips**

This week, encourage generosity of time by inviting others to church! “At the Movies” is a great time to do this. Services will be November 13-27<sup>th</sup>.
